first published in 1978 the nag hammadi library was widely acclaimed by critics and scholars alike containing many of the

writings of the gnostics since the time of christ this was the work that launched modern gnostic studies and exposed a movement whose teachings are in many ways as relevant today as they were sixteen centuries ago although some of the texts had appeared in other translations the 1978 edition was the first and only translation of these ancient and fascinating manuscripts to appear in one volume this new edition is the result of ten years of additional research and editorial and critical work every translation has been changed or added to many have been thoroughly revised unearthed in 1945 near the town of nag hammadi in upper egypt the texts literally begin where the dead sea scrolls end their discovery is seen as equally significant bringing to light a long hidden well of new information sources and insights into early judaism and the roots of christianity each text is accompanied by a new and expanded introduction also included are a revised general introduction and an afterword discussing the modern relevance of gnosticism from voltaire and blake through melville and yeats to jack kerouac and science fiction writer philip k dick the translations and introductions to the nag hammadi texts are by members of the coptic gnostic library project which includes such scholars as helmut koester george mcrae and elaine pagels

the collection of thirteen codices found in upper egypt near nag hammadi in 1946 is one of the major archaeological discoveries of our time apparently the library of a gnostic community in late antiquity the codices are a repository of important spiritual materials from throughout the ancient world hence a thorough analysis of this new material is indispensable for any proper understanding of the history of religions in this period the rich documentation which the codices add to early coptic text material promises to raise to a new precision the historical analysis of that language this edition presents collotype reproductions in natural size of all folios of the thirteen codices as well as reproductions of the covers and photographs previously taken of fragments that are now lost

what is codex sinaiticus codex sinaiticus a manuscript of the christian bible written in the middle of the fourth century contains the earliest complete copy of the christian new testament the hand written text is in greek the new testament appears in the original vernacular language koine and the old testament in the version known as the septuagint that was adopted by early greek speaking christians in the codex the text of both the septuagint and the new testament has been heavily annotated by a series of early correctors the significance of codex sinaiticus for the reconstruction of the christian bible's original text the history of the bible and the history of western book making is immense

the definitive new translation of the gnostic scriptures

the seven manichaean papyrus codices of the fourth or fifth century were discovered in illicit excavation in 1929 in the egyptian desert they were acquired in about equal halves by a chester beatty for his library and by carl schmidt for the papyrus collection of the staatliche museen of berlin having had access to the inventories correspondence and files in berlin robinson provides translations of the german and french documents to increase access to information previously unavailable to the scholarly community he narrates the slow and problem ridden path of the acquisition conservation and editing of these important works including their movements between dealers collectors scholars and the military in egypt london dublin berlin schondorf gottingen warsaw leningrad los angeles claremont and copenhagen

beowulf is by far the most popular text of the medieval world taught in american classrooms at both the high school and undergraduate levels more students than ever before wrestle with grendel in the darkness of heorot or venture into the dragon s barrow for gold and glory this increase of attention and interest in the old english epic has led to a myriad of new and varying translations of the poem published every year the production of several mainstream film and television adaptations and many graphic novel versions more and more teachers in all sorts of classrooms with varying degrees of familiarity and training are called upon to bring this ancient poem before their students this practical guide to teaching beowulf in the twenty first century combines scholarly research with pedagogical technique imparting a picture of how the poem can be taught in contemporary american institutions
